MDEQ 408328

Dear Mr. Heidenreich:

This letter is in response to your April 26, 2012 letter to William Damico, of my staff, regarding the K & W Landfill, Ontonagon, Michigan request for CERCLA Off-Site Rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that K & W Landfill, Ontonagon, Michigan meets the acceptability criteria. Therefore, K & W Landfill located at 11877 State Hwy M 38, Ontonagon, Michigan is acceptable to receive waste from CERCLA sites.

This acceptability determination is based on the assumption that only wastes which comply with the permits issued to K & W Landfill, Ontonagon, Michigan will be accepted. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Contact(s). If you have questions, please contact Mr. Damico, at (312) 353-8207.

Sincerely,

A handwritten signature in blue ink that reads "Gary Victorine".
